MORE ON TEAM SCORING:

For FIYA Season Cross Country Champions, trophies and medals will be given to the Division 1 Girls Champion and Division 1 Boys Champion. To qualify, a school must participate in at least 50% of the FIYA XC meets during the season. Your team must finish in the top 5 team scores at an individual meet and points are awarded as follows: **5th Place** - 1 point; **4th Place** - 2 points; **3rd Place** - 3 points; **2nd Place** - 4 points; **1st Place** - 5 points.

- **If there is a tie in team scores with multiple teams for a top five finish**, we will add the point totals and divide by the number of tied teams. By way of example, if two schools tie for 2nd and 3rd place, we add the points (4 + 3) and divide by 2 so each team will be awarded 3.5 points.
- **There is a maximum number of XC meets for which a school team can earn points during the track season.** The maximum number is the total number of FIYA XC meets offered in a season minus one. In other words, if FIYA offers 6 XC meets, a school team can earn points in its five best meets (we drop the lowest score if the school team competed in all 6 meets).
- **If there is a tie in accumulated points upon conclusion of the XC season with multiple teams**, the tiebreaker will be the team that competes in the MOST FIYA XC meets in the season wins. If the tiebreaker does not resolve the champion, there will be co-champions.
